

# For-Most

## Livestock Equipment

# AHEAD OF THE CURVE

**Our New, Curved Double  
Lead In Alley is Truly  
One-of-a-Kind!**

We were the first to sell and use a double lead in alley. We have processed thousands of cattle going to a squeeze and/or loading chute. We've seen the imitators and know they don't have the experience using a double lead in alley.

***Buy From Bob Erickson – he uses what he sells!***

Bob Erickson Equipment would like to encourage you to stop by Evan's Feed and Livestock Supply, Inc., with three locations in Chowchilla, Madera, and Porterville, and see the For-Most Livestock Equipment in stock and ready for delivery.

Evan's Feed and Livestock will also be offering Bob Erickson Equipment's full line of Double D Mats, Sandhill Plastics and 2-W Panels and Gates.

***The same great service now with three locations to serve you.***
